**Superior Lap Height** Full 3/4" lap height creates a deeper dimension and enhanced shadow lines for a true wood look.

## A WORD ABOUT QUALITY

Gentek delivers the confidence and value only a true leader can provide. We proudly stand behind our products with the full faith of our more than 50 years of manufacturing expertise and some of the strongest warranties in the industry. Our voluntary participation in rigorous quality certifications and independent testing is further assurance you have made an excellent selection for your home.

### ENVIRONMENTALLY FRIENDLY

Eco-friendly and sustainable, Gentek vinyl siding helps conserve natural resources often used for home construction, such as cedar and other wood. And because vinyl never needs to be painted, it eliminates the use of paint, stain and other maintenance-related products that can harm the earth.

### A LIFETIME OF PROTECTION

Northern Forest Elite ultra-premium vinyl siding is backed by a lifetime limited, non-prorated, transferable warranty with hail protection and lifetime fade coverage. For complete warranty information, including limitations, ask your dealer for a copy of the Gentek vinyl siding warranty.

## THE ORGANIC BEAUTY OF WOOD

The secret to Northern Forest Elite's remarkably realistic wood appearance is in our Integrated Variegated Colour manufacturing process. Just as the passing seasons leave subtle shadings in the grain of real wood, our multitone colouring process masterfully recreates the inviting appeal of hand-brushed stained cedar.

## TAKE A CLOSER LOOK

What makes our variegated siding special? By applying various shades and densities of warm, earthy hues in non-repeating patterns, our special finishing process gives each panel its own distinctive appearance. A light cedargrain emboss further imparts the traditional beauty of hand-cut cedar planks.

The colour Earthen, as shown here, is created with multiple shades and densities that together achieve the siding's rich depth and natural elegance.
